VOL. 3 SEAS AND RIVERS

The inspiration comes from the desire to explore with curiosity and refinement the morphological conformations, customs and traditions that reflect Japanese and Peruvian cultures, to immerse ourselves in a journey of flavours and aromas that will delight the palates of our guests.

Our 'Volume 3' will be dedicated to seas and rivers, and popular beliefs about water, landscapes and moments that take us back to a summer that has just ended or a snowy winter that is coming. We will emphasise fresh, mineral, umami and tropical flavours, arousing curiosity and amazement; with imagination we will try to take our guests to faraway places full of myths, legends and breathtaking landscapes.
